## THE DAVID H. AND CAROL FEINBERG LEADERSHIP CENTER

The Brownstone Experience began with the premise that every young person wants to visit NYC. When we combined that idea with an exciting NY adventure, a cool place to live and dynamic and engaging immersion based educational opportunities, we produced a formula that would ensure meaningful Jewish experiences, long lasting friendships and solid partnerships with a wide range of Jewish organizations.

Residential 10 Day New York City Adventures and themed City Weekend Retreats are The Brownstone's flagship programs. They provide collegiates worldwide a unique opportunity to explore New York City's cultural and historical treasures, take part in on site workshops, engage in intellectual discussions on issues of Jewish identity and heritage, meet with prominent leaders in various fields, enjoy a Shabbat experience and make friends for life.

Daily educational, social and leadership programs cater to the many young professionals and local students living in New York.
